Test case number	Title	Impact	Type
1	Install the app from Google Play/App Store	**High** impact	Non-Functional
2	Run the app in background	**High** impact	Non-Functional
3	Check the app is running correctly with all types of interruptions "Calls, notifications, rotate screen …"	**High** impact	Non-Functional
4	Add income to "Salary", "Deposit" and "Savings"	**High** impact	Functionality
5	Add expenses to all categories.	**High** impact	Functionality
6	Add "0" expense to any category.	**High** impact	Functionality
7	Add "10000000000" expense to any category.	**High** impact	Functionality
8	Transfer money from account to account	**High** impact	Functionality
9	Change Account Currency	**High** impact	Functionality
10	Check Balance Budget mode in Day, month, year view	**High** impact	Functionality
11	Check Balance Carry over mode in Day, month, year view	**High** impact	Functionality
12	Delete "EXPENSE" category	**High** impact	Functionality
13	Merge Two "EXPENSE" categories	**High** impact	Functionality
14	Disable "EXPENSE" category	**High** impact	Functionality
15	Delete "INCOMING" category	**High** impact	Functionality
16	Merge Two " INCOMING " categories	**High** impact	Functionality
17	Disable " INCOMING " category	**High** impact	Functionality
18	Check the Passcode protection **Pro feature**	**High** impact	Functionality
19	Check New Category **Pro feature**	**High** impact	Functionality
20	Check Extended Widget **Pro feature**	**High** impact	Functionality
21	Check Dark mode **Pro feature** View	**High** impact	Functionality
22	Check Recurring Records **Pro feature**	**High** impact	Functionality
23	Check Multi-Currency **Pro feature**	**High** impact	Functionality
24	Check Synchronizations **Pro feature** "Google Drive, Dropbox"	**High** impact	Functionality

25	Check app view in different languages	**Medium** impact	Functionality
26	Check interoperability with multiple platforms and OS versions	**Medium** impact	Non-Functional
27	Set interval the Starting date is earlier then the Ending date	**Medium** impact	Functionality
28	Set interval the Ending date is earlier then the Starting date	**Medium** impact	Functionality
29	Export App data to external files with different types	**Medium** impact	Functionality
30	Allow the access permission and check the app is running correctly.	**Medium** impact	Non-Functional
31	Deny the access permission and check the app is running correctly.	**Medium** impact	Non-Functional
32	Create data package	**Medium** impact	Functionality
33	Clear app data	**Medium** impact	Functionality
34	Restore app data from the backup file.	**Medium** impact	Functionality
35	Create new Account	**Medium** impact	Functionality
36	Switch From Account to another	**Medium** impact	Functionality
37	Check day, month, year View for each account	**Medium** impact	Functionality
38	Delete different types of Accounts	**Medium** impact	Functionality
39	Choose certain date from Calendar in the left side menu	**Medium** impact	Functionality
40	Check interoperability with Co-existence with other Apps on the device	**Low** impact	Non-Functional
41	Check the app performance while charging	**Low** impact	Non-Functional
42	Check the app performance while low battery	**Low** impact	Non-Functional
43	Check the app performance when Mobile Temperature is high	**Low** impact	Non-Functional
44	Run the app with different network connections "4G,3G,H Mobile Data, WIFI, hotspot ….."	**Low** impact	Non-Functional
